

This is just a short word, to relay what I have been shown. I was wakened just after midnight on May 6th and suspended before me, I saw a big red apple with a giant bruise on it. I heard the Father say, 'I will strike New York'. I commented that it had already been struck with covid 19 and He replied, "She will be struck from without" and in the left top corner of my vision, I saw flaming fireballs streaking down from space, so I had the sense that He was referring to a meteor strike and that the covid 19 outbreak did not connect with His statement of intent. The impact of the flaming meteors would be the strike. I prayed, "Oh Lord, remember there are Believers in New York. In judgement, please remember mercy?! David Wilkerson's church has been there serving faithfully for many years". He said "Yes, I have My eye on them and my servant warned them all that fire would fall and cities would burn and I have sent many warnings, but they would not turn from their idolatry or cease their preoccupation with themselves or turn away from worshipping mammon. How many times must I warn them to cease their abominations? Is 40 years not enough for a man to turn his soul from sin? She will burn like her sister Sodom". I wondered when this would happen and He highlighted the months of May and June this year for the commencement of the rain of fire, although it may occur at other times as well as we pass through the cloud of space dust we are presently entering.

David Wilkerson in his prophesy about cities burning quoted psalm 11:6, which I find interesting, as the psalmist mentions that God has His eye on the righteous, just as the Lord said to me when I mentioned Times Square Church.

*Psa 11:6 Upon the wicked He will rain quick burning coals or snares; fire, brimstone, and a [dreadful] scorching wind shall be the portion of their cup. Psa 11:7 For the Lord is [rigidly] righteous, He loves righteous deeds; the upright shall behold His face, or He beholds the upright.*
