

Divine Image Destroyed ~ pt 2 Defiling the Holy Place (May 2021)

In part 1, I spoke about the jabs resulting in the removal of the Name Yahweh from the DNA strand. Now I would like to share two dreams I had which have given me further understanding.

Dream 1 ~ Backroom Breeding

In the first dream, which I had in early January 2021, I entered a pharmacy in a local shopping centre, and as I did, the only shop assistant I could see went into a back room, where the prescription medicines are usually kept. I went to the doorway of this room and saw it was, firstly, very dimly lit. I could hardly see what the interior contained but after my eyes adjusted, I saw it was furnished with bunk beds and that the woman I had seen was lying on her back on the bottom bed of one bunk. As the scene came into focus, I saw a dark figure rise off the bed, having just been intimate with her. I could see no features on this being as it moved toward the doorway, but there was an atmosphere of extreme evil surrounding this figure. I drew back, horrified, trying to hide myself behind a shelf, but then heard the figure say to the woman, "She has seen what we were doing!" He then strode fiercely out of the pharmacy to look for me. I knew I needed to get out of there and get home, but as I tried to leave the now completely dark shopping centre by another entrance, I discovered the doors had been locked to prevent my exit. I began to pray in tongues and ask for protection and made my way to the door where I had entered the centre. I knew that a sniper was positioned outside, waiting for me to stick my head out so I could be removed from society, but praying in tongues, I crawled out at floor level and managed to get in my car and leave without being taken out.

When I woke up, very shaken, the Holy Spirit gave the following understanding:

A pharmacy is a place where people go to get medicine which will restore them to health. However, those who are 'selling' what they purport is the antidote for the present worldwide malady have been secretly receiving input from fallen angels. Therefore what is being made available will destroy, rather than heal. I mentioned in part 1 that the word translated 'sorcery' in Revelation 18:23 is 'pharmakeia', from which we get 'pharmacy'. It also means 'poison'.

My dream reveals that those offering the current pharmaceutical potion have been defiled with seed of fallen angels. This is related to these days being as in the days of Noah when the fallen angels slept with the daughters of men and brought forth giants, thereby defiling the pure DNA of mankind. The shopping centre in my dream is called the Circle. And it seems we have come full circle and fallen angels are again actively involved in defiling the DNA of mankind; this time using pharmakeia and strong sorcery. Also, anyone seeing or receiving revelation of what is going on behind the scenes has been taken note of, is in great danger and there are active plans to take them out and prevent them sharing the information they have. Only fervent prayer and reliance on the Holy Spirit for protection and guidance will allow them to evade their murderers.

Dream 2 ~ Just One Bite

The second dream I had was a little while after I had my family getaway and was connected to something that occurred there. During this particular weekend, while walking on the farm, I came across a mushroom with one piece missing out of its edge. Immediately I was reminded of Alice in Wonderland and her encounter with the caterpillar on the mushroom. The creature told her that if she took one bite out of the mushroom, she would grow very large – or become a giant.

A few days later, I dreamed that I found a mushroom with a bite out of it. I wanted more information about what exactly it was I had found, so I put it into a blue plastic bag and went to a building where one could only gain entry using an eye scan. However, the door was open and there was no one guarding it. So I walked in boldly past a number of small rooms, right to a room at the back. When I entered it, I saw two women in lab coats bending over microscopes. This was obviously a research laboratory. I told them I wanted help identifying something I had found and opened the packet. When I took it out, I saw that the mushroom had germinated and grown a root and a shoot. Somehow I knew this was a lotus plant growing out of the place where the bite was missing from the mushroom. The researchers examined what was in my hand and when they saw what it was, they drew back in horror and said, "This is DOS – and the only way to deal with it is by fire".

When I woke up, I knew that the bite out of the mushroom represented the receiving of the jab and that this would trigger the operation of sorcery or magic, initiating the process of transformation into something 'other' than what had been imbibed. The connection to Alice in Wonderland and turning into a giant suggests the mixing of DNA – most likely fallen angel DNA, which produces giants (Genesis 6). Germination occurs from a seed and seeing as the root and shoot came forth from the site of the missing piece of mushroom, it follows that the intake of the 'magic mushroom'/drug/pharmakeia would involve the transmission of seed or DNA.

It was a relatively short period of time between the finding of the mushroom and the opening of the blue bag in the laboratory, indicating that the imparted seed would take root quickly in the person receiving it. The lotus plant was called 'DOS' by the researchers. DOS is an operating system used in computers, which receives and imparts information. According to these two women, this was an extremely dangerous plant and their drawing back indicates fear that it would somehow affect them just by being close to the specimen. We now know from reports of people who have spent time in the company of v.a.x.e. nated people, that transmission of spike proteins occurs through breath or skin contact and disastrous effects are experienced by the female reproductive system as a whole. In the dream, a key for dealing with this DOS system is given – fire will destroy it. I don't have full revelation on what this means but my first inclination is to think that it refers to the fire of the Holy Spirit.

The lotus plant has a life cycle unlike any other plant. With its roots latched in the mud, it submerges every night and re-blooms the next morning, sparkling clean. In many cultures this process associates the flower with rebirth. Isn't it significant that the hydrogel contained in the jab attaches itself to your tissues, so that it can't be separated – just like the lotus roots itself in mud and can't be dislodged. It goes into hiding, seeming to be dead and then reappears, almost like the beast described in Rev 13 & 17:

Rev 13:1 [AS] I stood on the sandy beach, I saw a beast coming up out of the sea with ten horns and seven heads. On his horns he had ten royal crowns

(diadems) and blasphemous titles (names) on his heads.

Rev 17:8 The beast that you saw [once] was, but [now] is no more, and he is going to come up out of the Abyss (the bottomless pit) and proceed to go to perdition.

Rev 17:11 And as for the beast that [once] was, but now is no more, he [himself] is an eighth ruler (king, head), but he is of the seven and belongs to them, and he goes to perdition.

The lotus flower features extensively in Hinduism and the vice president of USA, Kamala Devi Harris is also strongly associated. The name Kamala means 'she of the lotus' and is a common epithet of the Hindu goddess Lakshmi or Sri, who is said to be adorned by lotuses. Rather ironically, considering the disastrous effect the sp. eye. ke proteins have on the female reproductive system, Kamala is the fully realized form of Lakshmi, the goddess of fertility. She is the wife of Vishnu, the so-called preserver of the universe and is therefore considered the divine mother (here we can clearly see the connection to the queen of heaven).

Devi has taken on many forms in the past, including Kali, the goddess of death, and is involved in not only creating worlds, but destroying them as well. It is the statue of Kali that graces the CERN Hadron Collider building in Switzerland.

Putting these facts together, the dream indicates that not long after the single bite is taken, a transformation takes place and the very dangerous lotus plant takes root in the mud or clay of the earthen vessel and grows larger. The rise to supreme governmental power of KD Harris will be a sign that the one who is the true 'lotus flower' lurking below the waters will soon emerge, strengthened and supported by the shoot.

Do you remember [my vision of the door handle with the name Biden'](#) on it? When the handle is pulled down, the door opens for a man in a dark suit to step through onto a prepared stage. The DOS or operating system is the stage on which he will make his appearance. As I said in part 1, he IS the abomination that causes desolation, setting himself up as God in the 3rd temple, supported and served by the operating system that has been laid down – the beast system. This operating system is how he executes his rule. Remember the beast that rises out of the waters in Rev 13 is the eighth ruler who will go to perdition.

Whenever land is developed for habitation, roads are laid down, sewerage pipes buried in the soil, communication networks established – all before the intended inhabitants come to reside there. It is exactly the same with the operating system being laid down through the hydrogel in the jab. The territory is being developed for the coming inhabitant.

Recall too that right in the beginning, just one seemingly beneficial bite caused Adam and Eve to lose their position and ability to communicate with God. The ground was cursed and fruit was only brought forth through much effort. With the interference the jab contents cause concerning the attachment to the womb wall, it will become very difficult to achieve and maintain a pregnancy to full term. Satan desires to prevent any more people made in the image of God being born.

NOT PEACE, BUT A SWORD

Now let's recap something significant that happened last year. Do you remember the strange image on the coin produced to commemorate the Abrahamic Accord? The design is transmitting the clear intentions of the New World Order. I am sure you will have read some commentary on this at

the time it was released, but let's highlight some points again.

The official explanation of the design was that the sword was morphing into all sorts of things which would benefit humanity. However, right from the Babylonian sun wheel on the handle guard (which indicates what spirit is wielding the sword), one can see that a very sinister message is actually being portrayed. This location is where the owner of a sword would put their insignia, name or crest. Who is the Babylonian sun god to whom this sword belongs?

The sun wheel goes back to Rome and pagan worship. It's also known as the Wheel of the Year. The first symbol on the sword is an operating system consisting of computer parts. Then there is a chemical molecule attached to the computer part; joined or fused if you will, and a Heartbeat symbol, which spikes and then flatlines. No hidden message there – the intended result of the laying down of the operating system is in plain sight – sudden death!

Then we had a diabolical pair which is used to produce the flatlined heart monitor – the 5G satellite dish and the syringe and ampoule (representing the jab containing the DNA fragment to produce the bioweapon protein). These two systems work together to set up the beast system within the human body, and to render the human body desolate.

Then there are cogs, parts of a machine ready to be fitted together flowing into a binary code. ? In computing and telecommunications, binary codes are used for various methods of encoding (or hiding) data . There are thirteen zero's, which is the number of steps on the Masonic pyramid. The only part still to be added is the all-seeing eye of Horus.

There is also a Date Palm Tree (Latin name PHOENIX Dactylifera). In Islam, they view the date palm as 'The Tree of Life'. Trump was given the Tree of Life Award by the Jewish Nation Fund in 1983. This tree was also a sacred sign of Apollo in Ancient Greece because he had been born beneath one. This is signalling a birthing through the whole process depicted on the sword blade. A sword blade when utilized brings death. The swinging of this particular sharp pointed blade produces the same result in a craftily concocted plan, cloaked in words of peace. When they say, "Peace, peace," then sudden destruction comes.

At the tip of the 'gradually morphing' sword, we see the planet Saturn with a star to its right. Saturn represents satan. In ancient Rome, they worshipped Saturn (thus celebrating Saturnalia), and the Greeks worshipped Cronus, (the same deity with a different name); both represent satan. There are also 10 stars altogether on the coin... Perhaps this alludes to the final 10 kings mentioned in the kingdom of Daniel 7:24.

The root of the Hebrew word for 'sword' is *chârab* , meaning ' to *parch* (through drought), that is, (by analogy) to *desolate, destroy, kill* (lay, lie, make) waste'.

Remember also that it has been Trumps dream to be able to make peace in the Middle East since the 80's. And remember the magazine cover with him holding the dove in 1985. The one who rises to supposedly bring peace is actually the one who brings destruction in the time of the end. Am I saying Trump is the antichrist? No, but I recall understanding given at the time of the inauguration of the 45th president of USA in early 2017, that he and the 44th president were different sides of the same coin. So, how about the prospect that this Abrahamic Accord coin is actually the 'double-sided coin' God was referring to? Remember too that the 44th president was awarded the Nobel peace Prize for his good intentions, rather than anything he had already done, prophetic advertisement for the arrival of the man who by peace shall destroy many (Daniel 8). The Antichrist will be hailed as the one who brings answers to a world in crisis, a counterfeit savior to whom all men will be required to bow their knee in submission. And he will enforce his rule via the brutal beast system.

(part 3 to follow)
